

# Hazmat Storage Lockers

Hazmat Storage Lockers provide safe and convenient storage of small quantities of drums, totes or pails. Lockers are ideal for pumping and dispensing. Lockers can be used indoor or outdoor.

- 72 “ interior headroom for accessing drums and dispensing equipment
- Easily removable steel grating
- Sump volumes meet EPA and UFC requirements
- Lockable hinged doors
- Shelving available
- Passive ventilation
- Wide, full-front opening doors for easy access and pallet loading
- Wide variety of sizes available
