

Now only 16.5" wide!

## Erg-O-Cart Model: Keg-Cart

Benko Products, Inc. proudly presents the Erg-O-Cart, model Keg-Cart.

A revolutionary Ergonomic Beverage Cart specifically designed to eliminate back bending when delivering kegs, cases of beer and other similarly heavy items. The Erg-O-Cart helps keep loads at waist level while loading and unloading.

### Features

The Erg-O-Cart, model Keg-Cart, has many unique features:

- **New, narrower design for use in tight spaces - only 16.5" wide!**
- **Patented, one-of-a-kind design**
- Helps eliminate back injuries from over-exertion
- Reduces workers' comp. costs and absenteeism
- Lift plate lowers or raises as weight is added or removed
- Work at waist level when loading / unloading
- Rugged, lightweight materials
- Stair glides and height extension available
- Load locks during transit and releases with easy-to-use toekick
- **1-year Manufacturer's Warranty**

### Materials of Construction

# Erg-O-Cart

## Model: Keg-Cart

The Erg-O-Cart's "Lift-Plate" allows the user to eliminate back bending when unloading and loading kegs from side-access beverage trailers.

Once on the cart, kegs can now easily be pushed down until the load is locked in the travel position. The Erg-O-Cart has been designed for use with standard 1/2 barrels. (160 lbs. each)

When unloading, the operator has the choice of either rolling the keg off the cart, or releasing the toe-kick latch to use the Erg-O-Cart for raising the keg with very minimal effort.

Optional Stair-glides and Height Extension Bar available
