Sheffield Village, OH ([PRWEB](#)) August 31, 2012 -- [Benko Products](#), Inc., a leading innovator in material handling and safety products, announces that it once again has earned a spot on the Inc. 500/5000 list of fastest growing private companies in America. This prestigious list includes other powerhouses such as Publix Supermarkets, Levi Strauss and Facebook.

Ranking this year is an exceptional achievement since in order to qualify each company had to thrive through three of the roughest years this economy has had to ever face. Benko Products is showing no signs of slowing down and is on pace to qualify for the Inc. 500/5000 list again in 2013.

“You must constantly evolve to survive in this economy. I attribute Benko’s success to its diverse line of products and industries served. We don’t put all our eggs in one basket”, said John Benko, President of Benko Products.

For over 30 years, Inc. Magazine’s list has celebrated America’s fastest growing private companies. Visit [www.inc.com](http://www.inc.com) to view the complete list for 2012.
