

Industrial Safety Gate

Self-Closing Swing Gate

The Protect-O-Gate Adjustable Self-closing Swing Gate is pre-fabricated and bolts to existing rail openings to provide a one-way, self-closing safety gate.

Easily adjusted, the Swing Gate is a simple and cost-effective solution to comply with O.S.H.A. regulations for fall protection.

Features

Protect-O-Gate Adjustable Self-closing Swing Gates have many unique features:

- Choose from three sizes to cover openings from 19" up to 48"
- Strong, secure, multi-point connection for lasting protection
- Spring actuated, self-closing hinges
- Carbon or stainless steel construction.
- Designed to fit standard railings
- Right angle, flush, and custom mounting available
- 3-rail models available, with or without 4" toe plates

Finishes

Available finishes include:

- Painted safety yellow enamel
- Corrosion resistant finish
- Stainless steel
- Galvanized
