

## Chemical Storage Cabinets Non-Occupancy / Palletized Storage

E.P.I. Chemical Storage Cabinets are designed to store multiple pallets or totes of Chemical / Hazmat material, for a variety of applications. Sized for capacities up to 144 drums (or 36 pallets / totes), these storage units provide forklift access across the entire face, eliminating the need for personnel to enter the building.

### Hazmat & Waste Storage

- Designed to meet or exceed EPA, OSHA and NFPA guidelines
- Heavy gauge steel construction
- Raised, spill containment sump
- Passive or powered Ventilation
- 4-hour, 2-hour or Non Fire-Rated
- Customizable for various uses

### Common Applications

- Chemical, hazardous materials and waste storage and isolation
- Fire-Rated storage for flammables
- "Class 1" material handling
- Additional outdoor storage
- Temperature controlled, safe storage for sensitive materials

### Capacity / Size

- See page 2 for a complete chart of standard models / specs.
- Standard models designed to hold from 4 to 144 drums (36 pallets), using up to 3-tiers
  - Custom dimensions available

### Standard Features

- Non-combustible, heavy-gauge steel walls, roof and sump pan
- Passive ventilation standard
- Meets or exceeds required spill containment sump capacities
- Grounding kit with 8' long cable and ground rod included
- Built-in forklift pockets with 4" risers for easy placement and containment sump inspections
- Includes hazard labeling / placards

### Available Options

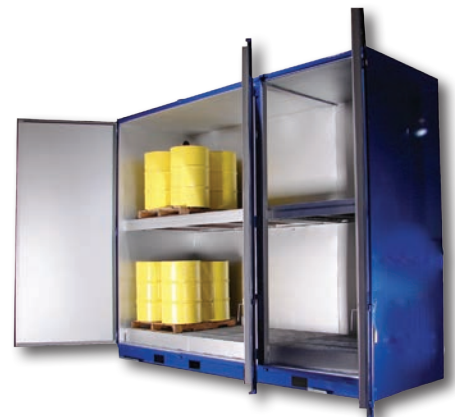

- 4-Hour or 2-Hour Fire-Rated, or Non-Rated models available
- Dry Chemical fire suppression system (UL-FM) or tie-in sprinklers
- Interior or exterior lighting (UL)
- Powered exhaust fans (UL)
- Partition wall(s)
- Fiberglass grating
- "Explosion Relief Panels" for use with Class 1A and 1B flammables
- Electrical options (UL) for use in "Hazardous Locations"

### Optional Heating and Cooling

- Insulated models available with Heating and / or Air Conditioning
- "Explosion Proof" electrical options for storing / handling "Class 1." (UL)
- System sizing available for a variety of applications, environments or temperature range requirements

### Ships Completely Assembled

If necessary, connect electrical supply
